VISION & MISSION

1. Vision

Company Dream Circle is expanding the research and development programmed for long term electrification of drives with this commitment. The three essential goals of the fleet trail are:

- The electric motors used in the test fleet should be powered with regenerative electricity.
- The test vehicles store this energy using the latest battery technology.
- These batterio make the breakthrough to mass production. **“Company to accelerate the world’s transaction to sustainable energy.”**
- es needs to be particularly durable and low cost to allow the

02. Mission

Dream Circle is not just an automaker, but also a technology and design company with a focus on energy innovation.
